THE SHIP REFUSED TO TAKE PILOT ABOARD

(By Associated Press.)

NORFOLK, VA., May 7.-The extent of the damages sustained by the battleship Rhode Island during the time she was stranded off York Spit, from Satur-day morning to Sunday night, is yet un-known. The big ship is under orders the paving contractor, will take place the paving to Sunday night, is yet unknown. The big ship is under orders to proceed to Yorktown for target practice. Naval officials say so far as they know, the orders have not been changed.

It developed to-day that the Rhode Island, on entering the Capes about 2 o'clock Saturday morning, refused to take a pilot on board. The pilot boat Relief, of the Virginia Association, spoke the battleship as she passed in, and in response to signals went alongside. The officer in command of the battleship declined the profered assistance of the pilot boat, and the latter returned to her station off Cape Henry.

Members of the pilot association contend that if the battleship had taken on one of their men, the big ship would never have stranded on the treacherous shoals near the mouth of York River. In the investigation to be made by a court of inquiry to ascertain the damage done the ship and place the blame where
